General ePoster guidelines

Your poster file should be created on one single page and saved in PDF format.

As all ePosters will be displayed on a screen, the recommended format is landscape in a 16:9 widescreen aspect ratio.

Audio narration duration

In case you are unable to attend the event in person, please prepare an audio narration for your ePoster. The duration of your speech should not exceed <u>3 minutes</u>.

Your audio narration should be saved in MP3 format and uploaded on the submission platform together with your ePoster.

What do I have to do now?

See instructions as follows on how to prepare your ePoster (PDF) and your audio narration (MP3), and upload your two files on the dedicated submission platform.

Please upload your PDF and MP3 files on the submission platform

How to prepare your ePoster with audio narration

Step 1: Your ePoster format should be PDF format, on ONE single page.

You can create your poster using Power Point, Illustrator, Indesign, or any other software of your choice, provided it allows saving the file as PDF.

The recommended format is landscape in a 16:9 widescreen aspect ratio. If you are using Power Point to prepare your ePoster, go to the **Design** tab, then **Slide Size** and select **Widescreen (16:9).**

Step 2: If you are unable to attend the event in person, record your audio narration in MP3 format using this free online tool:

https://online-voice-recorder.com/

> Click the red microphone button to start recording

> Click the Stop button when you are done
